CoRD for Mac

Download Cord from Internet at http://cord.sourceforge.net/

Type server name (cvremote.mountainsidehosp.com) in "Quick Connect" box, upper left corner.

Once server is accessed one time, the server will be saved. Click the drop-down arrow and select the server, as seen below.

	CoRD	File	Edit	View	Servers	Window	Help			
000								CoRD		
Quick Connect								Elization Windowed		
Servers	cvrem	ote.mo	untains	idei				PullScreent Windowed		

Hit "Enter" on keyboard to get to login screen:

(((BEFORE logging in, click "Fullscreen")))

Full screen view:

Log in using domain/network credentials. You are prompted to reset domain password q90 days. This must be done on a **hospital** computer, not a Mac.

Once you log in you will have links to HMS, PACS, IBEX, and the Mountainside intranet via Internet Explorer

To Log Out- Click "Start" in bottom left corner. Select "Log Off."
